STATE ART EXHIBIT
OPENS WITH DUE ECLAT

Canvases on Display Represent the
Best Work of Utah Artists and
Win Liberal Praise.

(Special to The Herald-Republican.)

Ogden, Nov. 13.—The Utah state art exhibition opened this evening with a much larger exhibit of paintings than has ever been made before in the state. In addition to scores of privately owned art treasures, the state of Utah sent the best in its collection which added greatly to the value of the exhibit.

Artists like Leo Fairbanks and J. B. Fairbanks, who have seen Paris salons, said the exhibit was one of the best ever made in any western state and that it could not fail to have a great educational value.

John Mills, superintendent of the Ogden schools, made the speech of welcome. A number of beautiful musical selections followed.

Visiting club women from Salt Lake and many artists spent hours in admiring the various canvases. Teachers from the public schools picked up pointers which will enable them to explain the pictures to the pupils, thus insuring a general art impulse that cannot fail to be of great value.

Every picture that has been received has been hung with due regard to light and altitude and visitors already have their favorites which they predict will certainly win the prizes.

BOYS SENTENCED.

Two Lads Are Sent to Industrial School by Juvenile Court.

(Special to The Herald-Republican.)

Ogden, Nov. 13.—Judge Gunnell of the juvenile court this afternoon sentenced Fred Bremer and Ed Stewart, aged 16 and 14 years respectively, to the state industrial school. A few days ago these boys were discovered with a young arsenal in their possession, which they had stolen from different places in the city. The boys also had quite a large collection of cheap watches that they had picked up during the last few months. Bremer is a former inmate of the school and Stewart has been under the surveillance of the juvenile court for some time.

The Home Physician

This Recipe Makes a Splendid
Remedy for Coughs.

The home-made remedy described below will be found a very handy and effective thing to have in the house ready for use. It is simple, pleasant to take, easy to prepare, and lasts a family a long time. It wipes out a cough quickly. Take a pint of Granulated Sugar, add one-half pint of warm water, and stir about two minutes. Put two and one-half ounces Pinex (50 cents worth) in a pint bottle and fill up with the Granulated Sugar Syrup. Take a teaspoonful every one, two or three hours.

Cough preparations, as a rule, are mostly syrup. Granulated Sugar Syrup is both cheap and excellent. Pinex is the most valuable concentrated compound of Norway White Pine Extract and is rich in all the healing pine elements.

None of the weaker pine preparations can compare with the real Pinex itself. If your druggist hasn't it, he can easily get it for you.

This recipe is also splendid for chest pains, whooping cough, hoarseness, bronchitis, etc. Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

RUBY EASTMAN TO FACE
JUVENILE COURT JUDGE

(Special to The Herald-Republican.)
Ogden, Nov. 13.—Ruby Eastman, the girl who ran away to Salt Lake a short time ago, and was captured there by the police, and found to be living with a criminal who had a few thousand dollars worth of plunder stored away, was arrested by the officers here today and is now being held to await the action of the juvenile court. Immediately after being released from custody in Salt Lake, Ruby came to Ogden and had since been trying to evade the officers. She will be charged with incorrigibility.

SHEEP RAISING PAYING

(Special to The Herald-Republican.)
Mt. Pleasant, Nov. 13.—There are perhaps few people in this state who are aware of the fact that one of the heaviest sheep owners in the state lives in this city. He is N. S. Nielson and his holdings number at present 35,000 head, which if marketed at present prices, would bring in the neighborhood of \$100,000.

The yearly income from the wool clipped from this herd is estimated at about \$60,000, in addition to the spring lambs that may be sold, bringing in about \$100,000, or a gross income of \$160,000, which is no small item for a man in a country town of 3,000 inhabitants.

Mr. Nielson employs constantly from 25 to 30 men to care for his sheep.

HONOR SCHOOL FOUNDER

(Special to The Herald-Republican.)

Rexburg, Ida., Nov. 13.—Founders' day was celebrated at the Ricks academy yesterday. It is twenty-one years ago since President T. E. Ricks and counselors established the institution. Then it was known as the Bannock Stake academy, later called the Fremont Stake academy, and in 1903, when the new building was completed, was given its present name in honor of the founder, President T. E. Ricks. A fine program was rendered.

Colonel T. R. Hamer delivered the oration. He was met at the depot by the faculty and students, headed by the Academy band. At the district school Colonel Hamer made a short address to 600 children in front of the school. After marching through Main street, the orator was escorted to the academy. Luncheon was served at 12:30 to Colonel Hamer and a number of the leading men of Rexburg.

WOOLGROWERS' MEETING

After a day spent in Ogden considering the preparations for the annual convention of the National Woolgrowers' association, to be held there Jan. 8 and 10, President Fred R. Gooding and Secretary George S. Walker returned last night, well pleased with the outlook for the coming meeting.

The matter of providing a meeting place and accommodations for delegates is in the hands of the Weber club. Messrs. Gooding and Walker held conferences with the various club committees, and all arrangements provided for so far were found to be entirely satisfactory.

President Gooding returned to his home at Gooding, Ida., last night, and Mr. Walker will leave for Cheyenne tomorrow. Upon his return here he will take up the work of securing speakers for the three days' convention.

NEW COURT HOUSE
IN BRIGHAM CITY

Work on Fine Edifice Will
Probably Begin in Janu-
ary Next.

(Special to The Herald-Republican.)
Brigham City, Nov. 13.—It is now probable that Box Elder county will have a new court house in the very near future. Work is expected to begin about the first of the coming year.

The plans are now being drawn by Architects Funk & Wells, and the structure will, when completed, be an imposing one and equal to any county building in the state outside of Salt Lake and Ogden.

The new court house is to be built in front of the old one, which will remain as a wing to the new building for a few years. The new structure will have a frontage of ninety-seven feet and a depth of fifty-four feet. It will be two stories, with basement. The basement will have offices for the sheriff and justice of the peace, with a large corridor, two witness rooms and two large vaults. The first floor will also have a large corridor, offices for the county clerk, stenographer, district court room, private office for the district judge and library, also a large vault on this floor. The second floor will have a large corridor, county attorney and district attorney's offices, jury room, county commissioners, and a large waiting room for the general public.

A balcony will extend over the entire front portico, and the whole building capped with a massive dome. The estimated cost of the building, when completed, will be about \$35,000 to \$40,000.

The matter has as yet not been acted upon officially, but it is the general opinion that the proposition will be acted upon favorably by the county commissioners in the near future.

BRIDEGROOM IN JAIL
FOR FIVE BAD CHECKS

Prisoner in Cell Reads the Announce-
ment of His Own Honey-
moon Tour.

If there is such a person as John J. Jones in Salt Lake he is not shown in the city directory, although he has been pretending to transact a banking business of mammoth proportions. The latest check he issued was numbered 73,986. The police found it was issued on the Utah National bank and presented to Mrs. J. M. Nilson, No. 372 South Main street, Herman Villner, now held on a charge of forgery at the city jail.

The check is the fifth being held against Villner, and as it was received by Lieutenant John Hempel yesterday afternoon he had just finished reading the announcement that Villner and his bride were spending their honeymoon in southern Utah. Villner was married last Wednesday morning.

Four bad checks were passed at the Z. C. M. I. The fifth check was received by Mrs. Nilson, who keeps a restaurant, and states positively that Mr. and Mrs. Villner took their meals at her place, and that she accepted the \$6 check from Villner. A charge of obtaining money under false pretenses has been added to two charges of forgery.

"KEEP THE POT BOILING"

Salvation Army Will Begin to Solicit
Funds for Thanksgiving
Dinners.

Pedestrians tomorrow will be confronted at the principal corners with the old, familiar Salvation Army pot, but bearing a new legend—"Thanksgiving Cheer for Poor Families; Keep the Pot Boiling."

This year the army will depart from its former custom of providing a Thanksgiving dinner in its hall for the men, and will instead devote its efforts to poor and needy families. These will be sought out and on Thanksgiving day will be given baskets containing all the necessities for a feast, the size of the basket corresponding to the size of the family. Where fuel, medicines or such is needed these will be furnished, too, on Thanksgiving day.

This plan has been adopted after its successful trial in other cities.

HANG OUT AT Y. M. C. A.
INVITATION TO YOUTHS

Debating, Music and Other Attrac-
tions Promised to Young Men
This Afternoon.

Some people believe that no man can be a true follower of Jesus Christ without affiliating with some church organization. Other people disagree with them.

Professor Fred M. Reynolds, Frank Bullington, A. D. McGuire and John Evans will debate that question this afternoon at 4:30 o'clock in the Y. M. C. A. library. All interested are invited.

Before the debate there will be a short song service and a choice musical program will be given in the interim between speeches. It will include Pearl Allenbaugh, contralto solo; Mrs. W. S. Loomis, piano solo; Oge Jorgensen, cello solo; Claud J. Nettleton, violin solo.

All young men are invited to "hang out" at the Y. M. C. A. this afternoon.

CLEARS THE COMPLEXION
BY A SIMPLE METHOD

Now Easy for Any Woman to Be
Good Looking.

The large crowds at the toilet goods department of the F. J. Hill's store in Salt Lake City the past week were occasioned by the sale of that wonderful beautifier, Madame Ruppert's World-Renowned Face Bleach, at the greatly reduced price of 25 cents per bottle. At this low cost anyone can afford its remarkable benefits.

Face Bleach is that marvelous remedy which removes effectively all freckles, pimples, blackheads, oiliness, wrinkles not caused by facial expression, and brightens, beautifies and clears any muddy or sallow complexion. It thoroughly cleanses the skin, rendering it soft, clear and smooth, preventing tan and sunburn.

The sale at Hill's will be continued next week. It is particularly timely, for at this season of the year the skin will quickly respond to a cleansing which will stimulate it and revive its natural functions. Face Bleach is the perfect preparation for this purpose.

NEWBRO'S
HERPICIDE

It is high time that the oft repeated claim that—"chronic baldness can be cured" be filed away with the old announcement that the moon is made of green cheese. The claim is untrue, and aside from this it induces many people to ignore the chances they have to prevent baldness.

The greatest stride toward the ultimate elimination of baldness was the discovery by Prof. Unna, of Hamburg, Germany (ask your doctor about him), that most hair loss is due to an invisible growth, of vegetable character, in the scalp—literally a "dandruff germ," producing a highly contagious disease. The greatest stride toward the prevention of baldness was the recent discovery of a prophylactic fluid called NEWBRO'S HERPICIDE, which, if intelligently used—will destroy the dandruff germ and prevent baldness.

Herpicide is the original dandruff germ destroyer and its extraordinary success—for dandruff and falling hair, also dull, brittle and lustrous hair—has brought out many imitations. Even the old line hair "growers" and hair "tonics" now claim to kill the dandruff germ. Quite a tribute to Herpicide, isn't it? An exquisite hair dressing. Stops itching of the scalp almost instantly. Don't wait; try it now.

Send 10 cents in stamps to THE HERPICIDE COMPANY, Dept. 39 B, Detroit, Mich., for sample and booklet. One dollar bottles guaranteed. At Drug Stores. When you call for HERPICIDE, do not accept a substitute. Applications at prominent Barber Shops.
